# RAMADORO

LA CALZATURA CHE MASSAGGIA

VISTO  
IN TV!

Il dispositivo, situato all'interno del tacco, sotto la soletta anatomica funziona con normali batterie 1,5V AA. Per sostituire le batterie, basterà estrarre la soletta.

BREVETTATO

## IL BENESSERE QUOTIDIANO DI PIEDI E GAMBE

Il Sandalo Ramadoro è il primo sandalo anatomico con vibro-massaggiatore incorporato alimentato a batterie. Azionando il meccanismo il Sandalo Ramadoro accarezza la pianta del piede massaggiandolo delicatamente. Scarica la tensione e riattiva la circolazione dando una gradevole sensazione di riposo.
